

Mrs. Mandel's Class: News and Notes

September 28, 2018

What Are We Learning?

Literacy

We have continued to think about what inspires writers to write poetry. We will soon study a poet of our choice in more depth!

Math:

This week, we have used our study of multiplicative comparisons to begin our area and perimeter portion of the unit.

Science: We have been working on learning about electricity and circuits (series and parallel). We will focus on electromagnets soon.

Important Dates to Remember

10/2/18-Ident-A-Kid Day

Notes from Mrs. Mandel

- Please be sure to write back to your child in their family dialogue journal. It means a lot to them and is an important part of our homework this year.
- We are encouraging all students to pay for field trips online for all field trips this year. If you need assistance paying for field trips or need an alternate payment plan, please contact me. I am happy to help!
- Your child will be using a recorder this year in music. If you would like to purchase one, they are \$6.00.
